We are looking for a skilled Budgeting and Financial Maintenance professional to join our Financial Maintenance team to support a growing client list of nonprofit organizations. The ArtsPool model is a unique, alternative solution to the lack of staffing capacity in nonprofits. ArtsPool is currently a remote first workplace with an office in Fort Greene, Brooklyn.

Financial Maintenance Responsibilities

The Financial Maintenance Team provides general financial management support to a myriad of nonprofit arts organizations.

The Financial Maintenance Team acts as a critical hub for client data, carefully maintained by our Workforce and Financial Operations Teams, that empowers our clients to make sound and informed financial decisions for their organizations utilizing up-to-date actuals of all their budgetary costs.

As a Finance and Budgeting Account Manager you will hold 5-7 client relationships in which you will collaborate with our client organizations to facilitate budgeting processes, fiscal controls, and ongoing financial maintenance. You will be comfortable working with various regulatory updates (as provided by client accountants and others) and proactively put these changes into operational practice with your clients.

On behalf of your clients, you will work with independent auditors to complete client's annual financial statements and tax returns as well as accurately manage finance-related reporting and uploading of information on various portals including Grants Gateway, SAM.gov, NYC PASSPort, US Census etc.

You will work as a partner with the Financial Operations Team to ensure the quality of bookkeeping entries for sound fiscal reporting. You will also maintain the chart of accounts, make journal entries, perform cost allocations, conduct balance sheet reconciliations on a monthly basis.

You will partner with the Workforce Administration Team to facilitate payroll processing on a weekly basis, monitoring cash requirements and ensuring payroll costs are consistent with the client's budget.

You will partner with other teams at ArtsPool to share financial information that helps them perform their work such as payroll reconciliations, workers compensation insurance audits, and revenue recognition documentation.

Your keen skills in customer service and client management will be fully utilized in your regular communications with your clients which range from day to day queries, regular budget meetings you proactively arrange, as well as other engagement activities as a critical member of the client's service provider team through ArtsPool.

As a key service provider to your clients you will have demonstrated competencies in the following: clear and proactive communication, superior prioritization and self management, excellent and diplomatic client and customer service, strong relationship building, and a never ending quest to continually improve their financial maintenance.
