Morgan Shortell

Dancify That is a dance game show that uses stories, memes, jokes, bad art, funny poetry and other media (usually funny or surprising) as inspiration for dance. We have a show coming up on 9/30 that will be loosely themed on "National Days". Believe it or not there are over 1500 National Days -- celebrating everything from animal adoption to ceiling fans. Dance teams will be tasked with dancing certain national days (for the audience and our panel of comedian judges) as well as creating a dance based on audience suggestions (teams will have 3 minutes). Dances should be between 30-90 seconds.

We are looking for two more teams of 2 to participate in our show. We'll have a rehearsal on 9/25 from 6-8pm, and a show on 9/30 at 7:30pm at Dixon Place (LES).

Get in touch if you're interested-- either for this one or for future events. We love getting new talent on the floor
