### About Dance Entropy

Founded in 1998, Valerie Green/Dance Entropy believes in humanizing movement, both in Ms. Green's critically acclaimed choreographic work and the company's mission to plant creative seeds in communities across the world. Intersecting mortal and transcendent, sensual and sophisticated, visceral and self-aware, VG/DE invites the artist, the audience—the human—into a compelling, physical experience. Based out of its home studio, Green Space an incubator for dance in LIC, Queens, the venue serves the movement arts community by providing an affordable and welcoming environment for rehearsals, classes, and performances. To this end, VG/DE combines performance and specialized outreach programs to inspire communities in cultural institutions throughout the world. VG/DE strives to break down systemic race, gender and other identity barriers to fulfill our ultimate goal of collectiveness and inclusivity through dance. As a professional nonprofit dance company, the communities we engage with have included at risk youth, adolescents, trauma survivors, differently-abled persons, senior citizens and aspiring/professional dancers.
