Fertile Ground is a monthly NON CURATED showcase for emerging and/or established artists produced with full production values. Spots are still available for our February-June performances!

The evening consists of work shown by six choreographers, followed by a moderated discussion - over wine - that integrates the choreographers, dancers, and audience members. Participation by choreographer is required.

This series offers an excellent opportunity for participants to share new and developing work, network with fellow artists, and receive informative feedback about their work in a supportive environment.

NYC five-borough residence required. Performance openings are available February 2023- June 2023!
