7MPR Theme Dance Theater - Midnight's Performance Series 2024

7Midnights Physical Research is dedicated to the exploration of 7 social issues: Class, Education, Ability, Sexuality, Race, Age, and Gender, which are the 7 themes consisting of the concept of 7MPR's main program, Themed Dance Theater through 7 performances. "Midnight" is a special time of perceiving self-consciousness, transforming new energy, recovering from trauma, refreshing thinking, forming ourselves in a timeframe of new physical and mental discovery.

7MPR's "themed dance" is aimed at investigating the dark side of human, how they shape our society, and how our society is influencing us through different issues and inner factors. Thinking about the inner relationship between human's "sins" and "issues" in the society where we are involving in as individual and found the "7/Seven." The seven social issues, the seven themes, the seven deadly sins, the seven heavenly virtues.

In this performance, the 7 themes depicted by the dance artists' movement and thinking, each choreographer's work presented will express one or more than one topic aligning with the themes of the seven social issues. We have successfully done five midnight performances throughout the years of 2022 and 2023, and the Sixth and the Seventh Midnight will take place in 2024.
