Embark on a dynamic journey with this winter with PETER & CO.

Friday, December 15th - 10:00am-12:00pm

Monday, December 18th - 10:00am-12:00pm* (*extended session with free form play until 1:30pm*)

We invite you into a world anchored in pulse, sensation, precision, and play. Each session kicks off with a guided warm-up, steering movers through a purposeful scan of the body, zeroing in on the inherent symmetry and opposition of the joints. Dancers will dive into task-based improvisation, playful exploration, and sleek phrase work crafted to strategically push the boundaries of the mind through space.

Abrons Arts Center, New York
