We invite you into a world anchored in pulse, sensation, precision, and play. Each P/M/L (Play Motion Lab) session kicks off with a guided warm-up by Artistic Director [Peter Cheng](#), steering dancers through a purposeful scan of the body, zeroing in on the inherent symmetry and opposition of the joints.

Our March session will also dive into task-based improvisation and exploration, as well as choreographic devices and movement invention with Brooklyn based choreographer, dancer, and videographer [Garrett Parker](#).

Date: Friday, March 1, 2024

Time: 10:00am-1:00pm

Location: Chez Bushwick, 304 Boerum St #23, Brooklyn, NY 11206

**We welcome a maximum workshop rate of \$8 per dancer, however, no one is turned away for inability to pay.*

Direct RSVP [here](#).
