Introducing our Choreography in Process Series.

DuYe Moves is calling choreographers to join us for an exhilarating opportunity to present your creative works in an outdoor setting, free of charge. This unique event provides a platform for choreographers to share their evolving pieces with an outdoor audience at DuYe's house on Governors Island.

Each selected choreographer will have the chance to showcase their work-in-progress in a dynamic outdoor performance space. Following the choreographer and creative processes on display, we will engage in a dynamic discussion with the choreographer by delving into their creative process. Exploring the intricacies of their methods, inspirations, narratives, and artistic essence that shape their work.

Whether you're experimenting with new movements, exploring innovative concepts, or refining existing choreography, this showcase is designed to celebrate the journey of creation and foster dialogue between choreographers and audiences. Don't miss this exciting opportunity to share your artistic vision and connect with community this summer at DuYe's house on Governors Island. Happening each 3rd Sunday of the month from 12pm-3.

Dates are: July 21, Aug 18, Sept 15, Oct 20

Thank you Community!!!
