Attention Artists!!! Hi-ARTS is now accepting residency applications for the Fall 2024 – Spring 2025 season!! We offer Artists of the Global Majority time and space to space to experiment and focus on their creative process through our CRITICAL BREAKS and SKY LAB residencies.

CRITICAL BREAKS is a residency program for Artists who are in a pivotal phase of developing new theater and/or performance work. The residency aims to provide artists with time and space to concentrate on a specific project and/or element of a project. This is an ideal for works that have already been started, and/or have perhaps received some institutional support, but are still in need of additional concentrated focus, funding, and space.

SKY LAB supports artists who center the community in their artistic process. SKY LAB is for artists who center the community at the root of creative development, research, and consideration. This may include relationship building, deep listening and discussion, experience design, community collaboration, storytelling, and other interdisciplinary methods and practices that take place alongside and in relation to an artist's identified community.

Application Deadline is Saturday, July 20, 2024, 11:59 pm EST.
