We are 2 artists looking for 2 performers aged 50 + to play roles written for women but men or any other gender won't be turned away from applying. Enthusiasm to collaborate on an experimental project is the most important characteristic we're looking for in a performer.

It is a paid opportunity, we will pay \$1500 usd to each performer, for 3 days of rehearsal and 3 days of performance. The performance will be shown at Sculpture Centre in New York.

If you'd like to see more of our work before committing, we'd be happy to send you our portfolio.

The performer will need to memorise choreography with a short rehearsal period.

We're looking for performers interested in an unconventional rehearsal room that may ask them at certain moments to improvise and interpret a score.
