Something new is happening at the Pillow this winter! Our first-ever [Winter Intensive](#) invites dancers ages 18–25 to train with Pillow alum Maleek Washington, along with world-renowned faculty Rena Butler, Tamisha Guy, and Mike Tyus.

Immerse yourself in a week of multi-genre dance techniques, choreographic exploration, research in the Jacob's Pillow Archives, discussions, and artistic reflection. You will leave with a stronger sense of purpose, new tools to support your career, and a lifelong network that extends well beyond the program's conclusion.

Applications close on November 21. Don't wait—apply today! Applications are reviewed on a rolling basis, and spots are limited. We encourage you to apply early, as the application will close once all spaces are filled.
