Green Lung Studio is excited to announce that we are now accepting submissions from choreographers and movement-based artists for our Spring 2026 season. We are particularly interested in artists eager to share work-in-progress showings or short premieres within an environment designed to support experimentation and creative risk.

Green Lung is a creative refuge and artist-run incubator located in Red Hook, Brooklyn. We function as a studio, a lab, and a gathering space for artists across disciplines, rather than a traditional theater. Our programming aims to uplift new voices and embrace the "mess and magic" of work in motion.

We are offering opportunities to participate in 4:15, our Monthly Movement Series, where artists can share up to 15 minutes of new or in-process work. These showings take place once a month on Wednesday evenings in Studio A. We offer a 50/50 (artist/venue) ticket split with comprehensive front-of-house support.

To apply, please complete our submission form available at greenlungstudio.com/dancesubmit

We welcome submissions from artists at all stages of their careers.

If you have any questions before applying, please do not hesitate to reach out to us at programming@greenlungstudio.com or via our Instagram @greenlungstudio
