Marie-Christine Giordano Dance is seeking diverse dancers with a strong technical foundation and interest in a consistent, company-class environment.

Our Thursday class functions as both training and research and is the primary way dancers enter and integrate into the company's work. Dancers engage in a shared physical language developed over time through regular practice, listening, and attention to detail. A period of apprenticeship is part of this process, as it may take a few months to become fully comfortable with the work.

Participation in this ongoing class practice will lead to future rehearsal and performance opportunities for dancers who are a strong artistic fit.

Audition Format

The Thursday company class will serve as the audition.
