Nico Dance Co. is based in NYC founded Feb 2025. Our company's principles are based on inclusivity, intersectionality, justice, accountability, pride, and fun. As a mixed level/mixed style company, we are able to accommodate many people of varying passions, cultures, dance abilities, and interests due to the unique qualities of our cast and choreographers who contribute using their individual dance expertise. Our current project is a 4-part political comedy that aims to shed light on the atrocities of our fascist and xenophobic administration. Our music and movement styles are selected to celebrate the resilience and beauty within our communities, and to uplift the voices of the people. We are pro-immigrant and anti-ice. Though our anticipated debut is in May, we are aiming to showcase this project to many more venues, communities, and concerts throughout the year with the goal of influencing real community outreach to enact social and political resistance. *Ages 18+ only
*All gender identities welcome Application Link: <https://forms.gle/JeHopgrLyQhT1rbV8> Instagram: @nicodanceco Email: nicodanceco@gmail.com
