PERIDANCE 2018 APAP SHOWCASES
January 12-14, 2018

The APAP Showcases at Peridance were nothing short of a beautiful dream which introduced me to several companies whom I'm looking forward to following in the future. You never know what you're going to find when you attend APAP Showcases...but this APAP Showcase at Peridance was just out of this world. Both my guest and I were just stunned by the consistently amazing quality and variety of dance that we saw. - Karen Shapiro, Wet Paint Journal
