Our classes are welcoming and energetic and teach authentic Tahitian dance. We offer a weekly intermediate to advanced level class for dancers with experience in Tahitian dance and a weekly beginner class for dancers strengthening their basics.

Our beginner class requires no experience and coaches you step-by-step through the basics of Tahitian dance, fun combinations, and exciting choreography.

You can drop in for an individual class, sign up for a month at a time, or register to join us for the whole session.
