About BodyMind Dancing

BodyMind Dancing was developed by Dr. Martha Eddy for easygoing and pleasurable exercise to music. This movement class is full of anatomical gems that strengthen body connections and support creativity. We use music from around the world, vocalize, play with dance phrases, improvise to explore the inner body and enjoy company. Come to dance, relax, invigorate, heal or play. BMD was the first dance class to incorporate yoga, dance and somatic education (body awareness) back in 1986 and now it's taught around the world. Join us for fun, health, or as a step toward BodyMind Dancing Teacher Certification.
