Be among the first to experience a BurnBarre during October with outdoor socially-distanced workshops held in parks around NYC and taught by top professional dancers and trainers.

BurnBarre, invented and founded by Eryc Taylor, Artistic Director of Eryc Taylor Dance, is the world's first transportable ballet barre. It recently received a USPTO patent on a "portable ballet barre." The barre is exceptionally mobile (weighing only 4 pounds), can be set up anywhere, and is the perfect innovative tool for fun and fitness at home or on-the-go.

The first a BurnBarre: Barre in the Park series offers an exclusive opportunity to explore the many abilities of the revolutionary fitness product in action before it is available to the general public. Classes are \$20 per person, limited to ten participants each, and will follow all Covid-19 prevention safety guidelines and procedures, including mandatory mask-wearing, social distancing, and temperature checks. Open to all levels, BurnBarres provided. Pre-registration is required and can be done directly through a BurnBarre website. Be prepared for intense, satisfying workouts that will make you feel the burn!
