I'd love to share with you my approach to creating dance film. In a small intimate group we'll be talking, dancing, sharing, asking questions, having fun and taking it seriously as well.

During this 3-day workshop we'll go through the process of creating your own 1-minute dance film starting from formulating the idea, shaping movement, understanding camera movement / light / location and finishing with film editing. Every day we will have a movement class by Olga Rabetskaya or guest artists. We will work in pairs as well as individually. Each of the participants will take the role of director, cinematographer and performer. The number of participants is limited. The workshop will culminate in a rooftop screening of the participants' films with drinks and snacks.

Equipment: Comfortable clothes for movement, phone or camera for video recording, tripod (optional)
