Whitney Browne

Join us as Carolyn Dorfman Dance opens its company class to advanced dancers. With an emphasis on center-driven movement, nuanced weight transfer, breath phrasing, intention, focus and performance, the class expands the dancers' technical, dramatic and artistic range.

Dorfman believes artistry is built on specificity and detail. In addition, Dorfman's classes explore the essence of solo and ensemble performance; the individual existing in relation. Technique class includes phrases from company repertory.

This class will be taught by Carolyn from 12:00 - 1:30pm in Studio 1.

Cost: \$17 per class
