REDi Dance Co. offers this opportunity for teen artists who want to learn new skills and spend time creating. Participants will take social dance classes with professional artists, choreograph their own dances, and develop self-care practices. The final day of the workshop will include a chance to create and share choreography with a small, invited audience on the stage of Lehman College's outdoor amphitheater. For safety reasons, all workshop participants and audience members must be fully vaccinated and must show proof of vaccination when entering Lehman College Campus.
