Dance/NYC invites dance workers, organizations, and entities to join us for the Dance Industry Census Roundtable Discussion Series to capture real life stories from our industry.

These roundtable discussions are an opportunity for you to have your unique perspective as a dance worker or organization recognized and provide the dance community with a better understanding of the size, makeup, health and state of the dance ecosystem in order to address economic inequities in the field. Your participation will help Dance/NYC influence and advocate for meaningful change in policies and practices that directly impact the dance industry, its many workers and organized entities.

Data collected will be analyzed by Dance/NYC and presented in aggregate form in Dance/NYC's State of NYC Dance research report, to be published in Fall 2023.
