This January, the España-STREB Trapeze Academy will offer an Adult Flying Trapeze Intensive, featuring four sessions of advanced training focused on flying tricks and skills, catching and returning, and board skills. The intensive will culminate in a showcase, in collaboration with the Adult PopAction Intensive, on the evening of January 20 at 7:30 pm.

Flyers work intensively on tricks they dream of performing while finessing the ones you already know. Students work on mastering the 'round-trip' and improving their swinging without safety lines. Personalized programs are created to help flyers reach their individual goals while working as a group for the showcase. Limited space available to best maximize training time for each student.

Early Bird Rate: \$500 (before January 5)
 After January 5: \$575
