Company states: "Current is one of a kind. We row to the beat of the music. Our signature full-body workout burns 600 to 800 calories, and sculpts your abs and core like nothing else. Forty-five minutes of candlelit high-intensity cardio, incredible playlists, and inspirational vibes. We row it out, we sprint, and we lay it back together. So what are you waiting for? Get on a boat and let's make waves!"
