EZ Pass is the newest collaborative work of longtime dance partners and improvisers Laurie Berg and Bessie McDonough-Thayer. EZ Pass follows the path of least resistance, as the choreography cuts and loops around itself to reflect the added dimension of multiple pairings passing to and fro as Laurie, Bessie, and special guests perform increasingly complex displays of the choreography to comic effect. They move from object duets to human duets to object human duets, creating the space to opt in or out as relationships shift from said duets to quartets to solos to nothing at all. Your worst nightmare. Karl Scholz creates an original driving sound score, and Michael DiPietro adds beautifully crafted costumes and props.
