Why Tiered Pricing?

We believe that professional development for arts educators should be available and accessible to all. Towards that core belief, the NDI Collaborative is using tiered pricing. This is an intentional effort to offer equitable pricing to individuals and organizations, so everyone can have access to our trainings.

Is This a Certification Program?

The NDI Collaborative for Teaching & Learning is not a certification program. Upon successful completion of the program, participants will receive a Certificate of Completion from National Dance Institute, recognizing their participation in the training. Participation in our training program does not qualify you as an NDI teacher, nor does it allow you to train others in the NDI Method.
