Lincoln Center for the Performing Arts announces the Passport to the Arts Fall 2021 season, with free classes, performances, and custom-designed experiences for children, teens and adults with disabilities and their families. For more information, visit [LincolnCenter.org/Passport](https://lincolncenter.org/Passport).

Passport to the Arts provides a welcoming, accessible, and affordable introduction to the performing arts at Lincoln Center at no cost. Families attend dance, music, or drama classes, watch exclusive performances, check out behind-the-scenes content, and even meet performers. Programs include everything from in-person viewings of Cinderella and The Magic Flute to behind the scenes clips from Lerner & Loewe's My Fair Lady, classes, explorations of site-specific theater, and movement workshops with renowned dancers and musicians. This season includes programs from partners across the Lincoln Center campus and beyond: American Ballet Theatre, CO/LAB Theater Group, the Chamber Music Society of Lincoln Center, Jazz at Lincoln Center, Lincoln Center Theater, the Metropolitan Opera, the Metropolitan Opera Guild, the New York City Ballet, and the New York Philharmonic.

"Creating space for audiences with disabilities and an equitable experience for everyone at Lincoln Center is at the forefront of our work, whether in the digital space or in-person. We're so honored to bring together audiences with disabilities with artists from across the country and around the world" said Laura Sloan, Accessibility Manager, Lincoln Center for the Performing Arts. "As we return this fall, we are thrilled to continue to offer such a wide variety of programming, with something for everyone to enjoy and discover."

All programs are inclusively designed and open only to families with children, teens or adults with disabilities; virtual programs take place via Zoom. Attendees who secure tickets to in-person events will be required to follow the safety protocols of the presenting organization. To best meet the needs of our audiences, families receive pre-visit materials, including social narratives, photos, and links before each program to aid in preparing for new experiences.
