Martha Graham School Virtual Winter Intensive

December 28 – January 15

Conducted via Zoom, the Martha Graham School Virtual Winter Intensive offers dancers a rigorous program in Graham Technique, Ballet, Graham Repertory, and Composition with a special Teacher Workshop offering.

During this period of social distancing, the course has been adapted for students and professionals who are unable to attend the Martha Graham School or who wish to progress rapidly in the Graham Technique.

The Martha Graham School Virtual Winter Intensive classes are taught by experienced dance professionals, including former and current Martha Graham Dance Company members. Programming is suitable for any space – from tiny apartments to open fields!
