Kristen Stevens

Harkness Center for Dance Injuries is excited to partner with Gibney once again this spring to provide a series of virtual workshops open to the public.

Join us Thursday, March 4 at 1:00 PM EST for the third in the series, "Mental Health," with Elizabeth Barchi, MD.

This workshop will explore mental health considerations specific to the dance training environment shaped by the COVID-19 pandemic. Topics discussed include the biopsychosocial model, resiliency, perfectionism in an imperfect dance environment, and dancers' relationship to their art form.
