

May 27 - June 12, 2014

Morning Class with Kayvon Pourazar

Company: Movement Research

Venue: Movement Research at Danspace Project

Location: New York, NY

► [Share](#) | [Print](#) | [Download](#)

This class focuses on the inherent dynamic and organizational logic of the moving body to become more present in our dancing. We will encourage our instructive and directive intentions to succumb their influence to a listening and responding/responsible self. Our warm up will help us become familiar with our range of effective force, momentum, coordination, weight and balance. In turn, we will dive into phrase material that emphasizes kinetic and energetic simplicity within complex and multilayered forms.
