Are you planning your 2021/22 creative schedule? Where are you rehearsing, performing, or meeting? Do you have interns this season? Where can you all work together safely?

The NYC Dance in Sacred Places program is the only space sharing program bringing you together with potential rental spaces in historic houses of worship through a process of mission and vision alignment. We bring to the table potential space partners that share your value set and will be more reflective of you and your work. There is only one program series left this year! (Pre-registration is required to participate but workshops are FREE.)
