Dance Visions NY presents the third and final unique rendition of "Evening" the film. "Evening" is a dance, theater, and visual art work based on an original poem. Using nature as metaphor, we find our way in a world where endings and beginnings, dark and light, destruction and creation are inextricably intertwined. We are excited to show a unique version for Elmont Library near the end of 2020, and the beginning of a new year. Evening for Elmont is a stunning combination of Zoetropsis and Evening, SPP version. Viewing available any time between 2:30 on Saturday, Dec. 12 through 10:30 PM Dec. 13. Free, donations greatly appreciated at dancevisionsny.org/donate/
