Fusionworks Dance Company invites choreographers from all regions of the United States to submit their work to the 2016 Northeast Choreographers Festival to be presented in November of 2016 in Providence, RI. The festival will showcase the works of four emerging and established choreographers. Three finalists will be paid a \$1,000 stipend to do a week-long residency in May, June, or August, during which they will set their work on Fusionworks Dance Company. One runner-up choreographer, who must specifically be from Rhode Island or South Eastern Massachusetts, will be paid a \$500 stipend to set his/her work on the youth company, Fusionworks II. All four chosen artists will also teach a master class open to the community. Housing, food, and rides to and from the bus/train station will be provided by Fusionworks Dance Company for finalists.
