Essentrics is a full body workout that rapidly changes the shape of your body through a dynamic combination of strengthening and stretching. The technique develops lean, strong and flexible muscles with immediate changes to your posture. Perfect for people of all fitness levels, this program rebalances the body, prevents and treats injuries and unlocks tight joints. With a diverse music playlist accompanying each routine, this equipment-free barefoot workout leaves you feeling energized, youthful and healthy. This is an even-paced class designed to increase flexibility and mobility, accessible to all movers! Class uses a mat. Supportive pillows or risers are recommended for tight shoulders, backs and hamstrings.
