This program gives students ages 11-14 a chance to step into the studio with Artistic Director, Kat Pantos, and Pantos Project Dance Company Members! Dancers will get a glimpse of PPD's weeklong summer intensive while learning movement in a supportive environment. This 5 hour workshop will include Contemporary, Improvisation, Modern, Jazz Fusion, and more. Young dancers are encouraged to use this experience to further their understanding of technique and performance quality. Pantos inspires each student to advance both technically and creatively and find comfort in sharing who they are! With an emphasis on inclusion and acceptance, we thank you for considering Pantos Project Dance as part of your training this summer.
