About Kinetic Light: Kinetic Light creates, performs, and teaches at the intersections of disability, dance, and race. The collective's rigorous investment in the histories, cultures, and artistic work of disabled people and people of color transforms our understandings of the moving world. Working in the disciplines of art, design, architecture, and social justice, Kinetic Light showcases freedom of movement, revealing how mobility - literal, physical, and conceptual - is fundamental to participation in civic life. <http://kineticlight.org>
