PERFORMED BY STANLEY LOVE PERFORMANCE GROUP

Persephone Pomegranate seeds, huny will saturate the space with dance and fill it wall to wall with full-throttle movement, accompanied by an eclectic mix of songs. What these "classics" (ranging from Meredith Monk through Journey to Barry White and beyond) have in common is an uplifting mood, corresponding to the deepest inspiration of this piece - an idea of destruction and rebirth, imagined as a constant, recurring flow.

Stanley Love Performance Group has been active on the NYC dance scene for almost 25 years, Love has made his mark as a driving force behind large-scale dances involving large casts and extremely dense, energetic movement, drawing from various social and modern dance idioms and coordinated in perfect unison to a truly orchestral effect.
