CROSSROADS is a movement-based, cross-disciplinary performance series centering the voices of queer, BIPOC, and feminist artists. This fall, Pioneers Go East Collective welcomes guest curators Dani Cole and Jasmine Hearn. Performances are free. Advance registration required.

Pioneers Go East Collective launched CROSSROADS in 2017 in partnership with Judson Memorial Church. The format provides artists with both an opportunity to present work in a low-pressure setting that encourages experimentation, and space to share their creative practices with other artists and audiences. The series is multigenerational, focusing on community to foster a network of support, exchange, and dialogue. In addition to the performances, CROSSROADS offers workshops by participating artists and Pioneers Go East Collective's collaborators.
