Principles of Dance Medicine: Clinical Management of the Dancer Patient is a 3-day continuing education course for licensed healthcare professionals. However, on the first day of the course, Thursday, July 18, 2019, dance professionals are also welcome to attend. The agenda is available on our [registration page](#). Course highlights include a series of lectures on the hip; management of ACL and FHL injuries; acupuncture and pelvic floor rehabilitation for dancers; spine and upper extremity injuries; mental health; nutrition; screening and prevention; and more. To receive a special discount code, please email Kristen.Stevens@nyulangone.org.
