"...a jubilation of rhythm and spirit that harks back to the essence of dancing: people moving together in harmony for the greater good."

--The Village Voice

With its origins in African American fraternities and sororities, stepping is known for its intricate, synchronized patterns of stomps, kicks, claps, and call-and-response. As the world's first professional company dedicated to this art form, the dancers of Step Afrika! use their bodies as instruments, integrating stepping with African traditional dance and other dance forms to create a high-energy, sharply choreographed, and incredibly entertaining performance.

Tickets: Adults \$35, Children \$17.50. For more information, please visit <http://bit.ly/SAfrika> or call 718-951-4500
