8PM

Stuart B Meyers is the 2023 and inaugural Technical Resident Artist. The purpose of this residency is to provide the resident artist with the invaluable gift of time – time spent within the theater's space and with access to its theatrical equipment. With unhindered access to our theater's technical components and the expertise of our dedicated team of technicians and designers, the resident artist is empowered to push boundaries, explore new horizons, and discover innovative approaches. Through this immersive experience, the artist finds the freedom to nurture their creativity to its fullest potential.
