Toscana Dance HUB is about dance and music education and its free expression. It is about investigating our limits and sharing our talents. We are a company that believes in inclusion, the importance of human capital, the right to belong and to find fulfillment. We promote and organize cultural initiatives that spread positive messages through dance and music, and that nurture our respectful relationships with the environment and to each other, celebrating the differences in our voices and finding a common human denominator.

Event curated by Giada Matteini Ferrone under Toscana Dance HUB.
