Founded in 2017, Flair Entertainment strives to bring a fresh energy both on and offstage. The company was founded by Lily Grace Cummings, a Joffrey Ballet School Jazz & Contemporary graduate and South Carolina native. Flair produces original work and opportunities for young artists to work, learn, and grow together in a cutting edge environment in order to bring positivity, awareness, and support. Offstage, the company also focuses on community outreach, by providing dance workshops to small town studios, as well as fundraiser events. Flair's recent production, 'Querencia', was a gala performance benefitting survivors of Hodgkin's Lymphoma.

See you there!
