Live performance and today's most innovative neuroscience and AI technology collide in explosive new ways to in the festival MAXlive 2021: The Neuroverse. Featuring sound installations, live music and theater, robots, immersive installations, and provocative conversations. The Neuroverse is sure going to be one of the most thrilling events of the fall. Come experience it at venues including Live Arts, ONX Studio, and The Invisible Dog Art Center.

Media Art Xploration produces live and immersive arts that harness and interrogate the scientific advances of our time. The organization convenes award-winning artists, eminent scientists, and cutting-edge technologists in an expansive, electrifying festival. Harnessing the perspective and creativity of luminaries across these fields, this year's edition—the first to be held in New York City—will take audiences to depths they didn't even know existed.
