What does Utopia mean to you?  
Is it an external place—or, might it reside internally?

In collaboration with visual artist [Keren Anavy](#), Dance Entropy Artistic Director Valerie Green explores this idea of an internal Utopia through dance and visual art in her newest evening-length work. Acting as both props and set, Anavy's painted pillars contribute to Utopia's striking energy and challenge the viewer's conception of how art, dance, and design interact with and influence one another.

Performed by: Emily Aiken, Caitlyn Casson, Erin Giordiano, Kristin Licata, Richard Scandola
