Walter Wlodarczyk

Through an organic blend of dance, storytelling, live music, structural and mental disruptions, and video design, WHAT KEEPS YOU GOING? is an intimate and participatory experience that invites audiences to immerse themselves in performances on three levels of the cell theatre's historic townhouse. The artists of HOLDTIGHT explore the liminal space between past, present, and future and what it would mean to exist in all three at once. How do we look back in order to move forward?
