About the Event

Redefining Practice | Re-Entering With Care: A Community Town Hall

Curated and organized by the [Dance/NYC Junior Committee](#). Part town hall, part community conversation, this event unpacks what it might mean to "re-enter" the dance field as the NYC dance community begins to resume in-person performances. While the onset of the pandemic marked an abrupt and jarring halt to movement practices, returning to the studio does not have to happen similarly. Using tools drawn both from within the Junior Committee and from Junebug Productions' "Story Circle" methodology, this event offers 'redefined practices' to return to the studio while taking care of physical, mental, and emotional wellbeing.

Note: This event features a combination of presentations and interactive activities. Please expect to actively participate.

About the Series

As the landscape for dance as professional practice, living ritual and technical production continues to evolve, [Redefining Practice](#) explores how artists and institutions are adapting, unlearning and innovating new ways of being in creation--and the many phases that creation takes--to prioritise new learnings in racial justice, physical/emotional safety, and community care.

Dance/NYC's justice, equity, and inclusion initiatives are made possible with leadership support from the Mellon Foundation. Dance/NYC convening is made possible, in part, by support from the Howard Gilman Foundation and the Mertz Gilmore Foundation, and by public funds from the New York City Department of Cultural Affairs, in partnership with the City Council, the New York State Council on the Arts and from the National Endowment for the Arts.

Dance/NYC seeks partners and speakers with a variety of viewpoints for its events with the goal of generating discussion. The inclusion of any partner or speaker does not constitute an endorsement by Dance/NYC of that partner's or speaker's views.
