Overview

State of NYC Dance and Workforce Demographics was prepared by DataArts and was made possible with leadership support from The Andrew W. Mellon Foundation and the New York State Council on the Arts, with the support of Governor Andrew M. Cuomo and the New York State Legislature. Dance/NYC research is supported, in part, by the Stavros Niarchos Foundation and by the City of New York, Bill de Blasio, Mayor, and the New York City Council, Melissa Mark-Viverito, Speaker, through the Department of Cultural Affairs, Tom Finkelpearl, Commissioner.

Comments and Recommendations

The value of this research, as a tool to guide policy and fund development and to improve management practices, will be measured best by its application—the dialogue, creative problem solving, and action it generates to address inequities in dance and move the art form forward. Dance/NYC wants to know what you recommend and invites you to weigh in, using Facebook, Twitter, or via email (links below).
