Ballet Hispanico is currently accepting applications for full-year positions in the School of Dance division. We invite dance educators who specialize in Ballroom.

The open program at the nationally accredited Ballet Hispanico School of Dance offers something for everyone. Developed with the highest level of artistic excellence offered at any dance institution; programs which support the recreational dancer interested in taking one to three classes a week. With over 35 classes a week in a wide array of genres--from ballet and flamenco to hip-hop, salsa, and jazz--our students receive not only a thorough grounding in the primary techniques, but also specialized training in the rich and varied Latin American dance traditions, which for many is their cultural heritage.

Ballet Hispanico School of Dance's open program instructors possess:

- a passion and skill to work with a mixed level group of students; some who may have never danced before, alongside others who have experience
- excellent administrative skills related to deadlines, email responsiveness, flexibility and professionalism
- teaching experience supports sequential scaffold teaching that is rigorous, fun and organized
- strong, engaging and positive classroom management and interpersonal skills
- the ability to create engaging lessons that take complicated steps and make them accessible to children in an easy to understand, structured manner
- an understanding of Ballet Hispanico's history, important role in the community and the social and historical influence of Hispanic and Latino culture on the dance form they teach
- a demonstrated ability to plan lessons each week that prepare students for an end of year recital performance
- a demeanor that reflects warmth, openness, enthusiasm, willingness to grow, work as part of a team and be a part of a school community
- the ability to commit to a full year of teaching, September through June
