Venue: Steps on Broadway

Location: New York, NY

Steps on Broadway is the true epicenter of New York's professional dance community. Internationally recognized, Steps is the home of the best and most world-renowned teachers.

Angel Kaba's Kafrican urban dance technique is a mixture of the new generation of African influences and American street dance. In the class you will work on musicality heavily influenced by the rhythm and musical trends from The Congo, Ivory Coast, and Angola. Urban street styles are incorporated into the backdrop of this heavily African based technique. The cultural, social, and free-spirited side of this discipline creates an environment where students dance, learn, have fun, and feel free.

She will guide you deep in this exciting universe, encouraging students to discover freedom in their movements. In addition, you will work on mastering body control, pelvic isolations, quick African movement patterns as well as hip flexibility. She will take you along a movement journey covering multiple continents. Her fun, upbeat personality is something that you don't want to miss!
